INTRODUCTION

The Canada Grain Act provides;

Section 21. The following classes of licences are hereby established for the purposes of this Act;

- (a) a primary elevator licence, being a licence to operate a primary elevator;
- (b) a terminal elevator licence, being a licence to operate a terminal elevator;
- (c) a transfer elevator licence, being a licence to operate a transfer elevator;
- (d) a process elevator licence, being a licence to operate a process elevator; and
- (e) a grain dealer's licence, being a licence to carry on business as a grain dealer.

Section 34. No person shall

- (a) operate an elevator of a type referred to in section 32 unless
 - (i) he is the holder of a licence issued in respect of the elevator, or
 - (ii) the elevator has been exempted from the licensing requirements of this Act pursuant to section 99, or
- (b) carry on business as a grain dealer unless
 - (i) he is the holder of a grain dealer's licence,
 - (ii) his business as a grain dealer has been exempted from the licensing requirements of this Act pursuant to Section 99, or
 - (iii) he deals in grain only in the course of operating a licensed elevator or as a broker trading on a recognized grain exchange.

Section 2 defines the above classes of licences as follows:

(10) "elevator" means

- (a) any premises in the Western Division
 - (i) into which grain may be received or out of which grain may be discharged directly from or to railway cars or ships,
 - (ii) constructed for the purpose of handling and storing grain received directly from producers, otherwise than as a part of the farming operation of a particular producer, and into which grain may be received, at which grain may be weighed, elevated and stored and out of which grain may be discharged, or
 - (iii) constructed for the purpose of handling and storing grain as part of the operation of a flour mill, feed mill, seed cleaning plant, malt house, distillery, grain oil extraction plant or other grain processing plant, and into which grain may be received, at which grain may be weighed, elevated and stored and out of which grain may be discharged for processing or otherwise.
- (b) any premises in the Eastern Division, situated along Lake Superior, Lake Huron, Lake St. Clair, Lake Erie, Lake Ontario or the canals or other navigable waters connecting those Lakes or the St. Lawrence River or any tidal waters, and into which grain may be received directly from railway cars or ships and out of which grain may be discharged directly to ships,
- (c) the portion of any premises in the Eastern Division named in Schedule 11 that is used for the purpose of storing grain.

including any such premises owned or operated by Her Majesty in right of Canada or a province or any agent thereof.

- (17) "grain dealer" means a person who, for reward, on his own behalf or on behalf of another person, deals in or handles western grain;
- (36) "primary elevator" means an elevator the principal use of which is the receiving of grain directly from producers for either or both storage and forwarding;
- (38) "process elevator" means an elevator the principal use of which is the receiving and storing of grain for direct manufacture or processing into other products;
- (48) "terminal elevator" means an elevator the principal uses of which are the receiving of grain upon or after the official inspection and official weighing of the grain and the cleaning, storing and treating of the grain before it is moved forward;
- (49) "transfer elevator" means
 - (a) an elevator in the Western Division or the Eastern Division the principal use of which is the transfer of grain that has been officially inspected and officially weighed at another elevator, and
 - (b) an elevator in the Eastern Division, the principal uses of which are the transfer of grain that has been officially inspected and officially weighed at another elevator and the receiving, cleaning and storing of eastern grain or foreign grain.

Section 36. (1) No licence to operate an elevator shall be issued unless the applicant for the licences establishes to the satisfaction of the Commission that

- (a) the premises the applicant proposes to use are appropriate for the storage and handling of grain;
- (b) the elevator is or will be of such type and in such condition and the equipment of the elevator is or will be of such type and size and in such condition as to enable the applicant to provide at the location where he proposes to operate the elevator the services required by or pursuant to this Act to be provided at that location by a licensee holding a licence of the class for which the applicant has applied; and
- (c) he is financially able to carry on the proposed elevator operation and has given security by bond, insurance or otherwise sufficient to ensure that all obligations to holders of documents for the payment of money or delivery of grain issued by the applicant pursuant to this Act will be met.

(2) No grain dealer's licence shall be issued unless the applicant for the licence establishes to the satisfaction of the Commission that he is financially able to carry on the proposed grain dealer's business and has given security by bond, insurance or otherwise, sufficient to ensure that all obligations to holders of documents for the payment of money or delivery of grain issued by the applicant pursuant to this Act will be met.

(3) The Commission may refuse to issue a licence where the applicant has been convicted of an offence under this Act within the twelve months immediately preceding his application and the Commission is satisfied that it would not be in the public interest to issue a licence to him.

(4) The Commission shall, before refusing to issue a licence, afford the applicant for the licence or his representative a full and ample opportunity to be heard in relation to the application.

(5) Any refusal to issue a licence shall be by order of the Commission.

Such elevators' and dealers' licences are issued by the Canadian Grain Commission through the Economics and Statistics Division. The office also supervises the implementation of Section 36 (c) under which all such licences must be secured by bond or otherwise for the performance of all obligations imposed upon them by the Act.

Requirements as to facilities and equipment and rules and regulations governing the conduct of licensees and the operations of licensed facilities are carried in various sections of the Canada Grain Act, the Canada Grain Regulations and in orders and directives of the Commission as may be issued from time to time.

Any enquiries in regard to the foregoing should be directed to:

EXPLANATORY NOTES

All elevators listed herein are licensed for the crop year 1975-76 as of August 1, 1975.

The storage capacity figures shown against each individual elevator include the elevator proper and all annexes operated in conjunction therewith that are located on the railway right-of-way as registered with the Canadian Grain Commission.

In this publication, "Eastern Division" means that portion of Canada lying east of the meridian passing through the eastern boundary of the city of Thunder Bay, and "Western Division" means all that portion of Canada lying west of the same meridian.

Note: In most instances where a grain company operates two or more primary elevators at one location, the operations have been combined under a single manager. This has been aided by the trading of elevators between companies. As a result of a move towards greater economy and efficiency, the 4,165 elevators individually licensed as at August 1, 1975 reflect only 2,623 "operating units". The above table indicates this pattern, according to the major companies. The bracketed figures indicate the licensed separate units. It should be recognized that this statement reflects a constantly changing situation and is based upon the latest available data.
